

## **2022-23**

The Sports Premium is designed to increase the level of skills children have in all areas of sport, to increase their level of fitness and also their enjoyment of sporting activities. Since the Sports Premium funding began, we have provided the children with a range of different sporting opportunities, enhanced the PE curriculum and trained our school staff to deliver high quality sports lessons.

***In 2013 the government allocated £450 million to improve Physical Education and Sport in primary schools over three years. The vision of the government is that:***

***'ALL pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport'.***

The funding has been provided to ensure impact against the following objective:

*To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision (above) that will live on well beyond the Primary PE and Sport Premium funding.*

The continuation of the Sports Premium funding will enable us to sustain the impact of high quality sports provision in the following areas:

- \* Teachers develop their subject knowledge in delivering sports lessons through CPD training allowing them to deliver a range of sports lessons across the full curriculum
- \* Teachers develop their subject knowledge through a new PE teaching scheme
- \* Teachers develop their expertise in games (purchasing new games equipment such as rugby balls, footballs, tennis racquets and netball hoops etc.)
- \* Children leave school being able to swim the required 25m, following a carefully planned programme of swimming lessons in Year 3 & 4
- \* Children in Years 1-6 have the opportunity to participate in a wide range of after school sporting clubs (subsidised and a wider choice available such as tennis, dance, yoga and multi sports)
- \* Children have the opportunity to try new sports and sporting activities
